AIVIA INTERNATIONAL, INC

Introduction

At AIVIA INTERNATIONAL, INC. (AIVIA) we realize that our Independent Business Owners (IBO) are among our most important people. Our Compensation Plan is designed to compensate IBOs who are diligently working to make the most out of this income opportunity. We believe in rewarding those who have decided to make a successful career with us. Our Company is based on the principles of **INTEGRITY, HONESTY** and **TRANSPARENCY**.

With this philosophy in mind, before we present the Compensation Plan, we want to make a very Important Statement and Disclosure:

THE FACT OF EXISTENCE OF THE COMPENSATION PLAN DOES NOT GUARANTEE INCOME. WITHOUT EFFORT, YOU WILL NOT GENERATE ANY INCOME. IN ORDER TO GENERATE AN INCOME YOU WILL NEED TO MAKE A LOT OF EFFORT. EVEN THAT DOES NOT GUARANTEE ANY INCOME. THE LEVEL OF SUCCESS OF ANY INDEPENDENT BUSINESS OWNER, LIKE IN ANY BUSINESS OPPORTUNITY, DEPENDS ON THEIR SKILLS, EFFORT, KNOWLEDGE, EXPERIENCE, ATTITUDE, CONNECTIONS, CONTRIBUTION, FINANCIAL STABILITY, ALLOCATED TIME, CREATIVITY AND WILL POWER. AIVIA and OUR IBOs DO NOT GUARANTEE ANY INCOME AND DO NOT MAKE ANY CLAIMS REGARDING INCOME. YOU SHOULD DO YOUR DUE DILIGENCE BEFORE BECOMING AN IBO WITH AIVIA. ALL INCOME EXAMPLES ARE HYPOTHETICAL AND ARE USED TO EXPLAIN THE OPERATION OF THE COMPENSATION PLAN, WHICH ARE BASED SOLELY ON MATHEMATICAL PROJECTIONS.

To understand the AIVIA Compensation Plan, it is important to understand the difference between IBOs and Customers. The AIVIA Business model is based on acquiring new Customers who purchase our Products: Premium or VIP packages. Representatives can earn Commissions and Bonuses based strictly on the sale of those products. Those sales could be personal sales and the sales made by their Team. No commissions are paid for recruiting new IBOs. Additionally, only IBOs may be placed in the Marketing Organization and assigned Business Tracking Center and ID number.

Our Compensation Plan Offers Six Types Of Bonuses

1. Personal Sales Bonus
2. Team Sales Bonus
3. Residual Bonus
4. Rank Bonus
5. AivDrop Bonus
6. AivDrop Multiplier Bonus

Our Compensation plan employs a a 3X9 Trinary Structure. Each new representative is placed in the 3X9 Trinary Structure. However, some of the elements of the Compensation Plan are calculated based on the genealogy as Unilevel Compensation Plan.

We are convinced that our Compensation Plan helps IBOs to achieve the most profitable results with our Company.

This Compensation Plan is an integral part of an entire IBO Agreement that includes Policy and Procedures and IBO Terms and Conditions, IBO and/or Entity Application's (if Applicable) Terms of Use of the website <https://aivia.io>

Residual income is calculated and awarded using classical organization, where the number of users enrolled in IBO’s first line is not limited. In order to receive the Residual

Bonus, the IBO must enroll investors on the platform who will create a crypto portfolio. A Residual Income is awarded to IBOs from any commissions received by the Company. The Residual Bonus consists of two parts: The Referral Residual Bonus is 30% of the platform's profit from each investor or trader enrolled by the IBO. The Global Residual Bonus is 20% of the platform's profit from the entire structure before breakaway.

3.1. Qualifications to receive a Referral Residual Bonus. Residual bonus is awarded to IBO from any commissions received by the Company from Investors and Traders enrolled by the IBO.

3.2. Qualifications to receive a Global Residual Bonus.

Global Residual Bonus is paid from the platform's profit from all investors or traders registered in IBO's organization for unlimited depth. The minimum volume to qualify is 10 BTC in combined funds in IBO's organization, including IBO own funds (if any). If any of downline IBOs has met the same qualification within your organization, this IBO becomes a breakaway and the general bonus from its structure will be awarded to this IBO.

3.3. Payout of the Residual Bonus: Residual bonus is awarded once a month.

All calculations are made for the previous month. It is important to know that the residual bonus is paid only if the Investors and Traders have paid the invoice issued by the Company. The Company is not liable and does not pay a residual bonus if Investors and Traders have not paid the invoice and have not fulfilled their obligations. Any late payments received are awarded the next payout period.

For example: Ben earned residual bonus for the month of February. By March 12th, all settlements take place and a residual bonus is paid out.

All IBOs in Ben's entire organization are holding 100,000 AIV Tokens, Ben will receive 0.8% ($0.4 \times 2 = 0.8\%$) of AIVDrop or 320 AIV tokens ($40000 \times 0.8\% = 320$) next week according to this Compensation Plan, as indicated in table number 3 and 4.

Most rewards and settlements are calculated in USDT: USDT is the unit of account for all settlements: all volume, requirements, payments, Qualifications, bonuses are calculated and paid in USDT.
